## **PRESIDENT'S MESSAGE**

BALL GAME Tuesday May 30<sup>th</sup>! Double Header!! Two for the price of one. Gates open at 4:05 with first game picking up in the second inning. Our game starts at 7:05 with food service approximately 7:30. We have 38 paid to date. If you have not signed up and paid, please contact Doug immediately. We may be able to add on after the 16<sup>th</sup> deadline. Again, please check with Doug. This promises to be a fun evening. Good food, a game to watch, time to relax and visit. Just \$43.00 per person.

The meeting Tuesday evening will be our last opportunity to review the plan for our annual show. Based on all the good input provided during the planning meetings the plan is in place. Mark will have the plan in hard copy form. A big thank you to J and Connie for countless hours dealing with the city. The show will be different, a bit challenging but we will have fun. It goes without saying that everyone will be needed. The sign-up sheet will be circulated at the meeting. In addition, remember Wally will need help unloading his trailer and setting up show central, Paul has lots of equipment in various locations and help will be needed for set up and tear down. Robert will need judging help – both to judge and the various administrative tasks.

Sunday June 4<sup>th</sup> following our show remember the driving tour. This will be an easy drive and lunch. Details to follow.

Upcoming events include the Richmond Region Show June 10. This show is off US1 on north end of Richmond making it convenient for us to attend.

See you Tuesday evening!

John

### **NOTE: *Ball Game Update from Doug's input:***

The club has the 3<sup>rd</sup> base sky porch at Fred Nats stadium reserved for our 2<sup>nd</sup> ballpark group outing on May 30<sup>th</sup>. The makeup game is scheduled for 5:05 PM. Gates will open 1 hour prior. It will be a resumption of an earlier rain out, which was suspended in the bottom of the second inning.

The start of the second game is unchanged at 7:05 PM. There will be no change in the food schedule either. So, during the first game you will be on your own. Also, in the minor leagues doubleheaders are 7 innings. Both games will be shortened to seven innings.

Please come out. This is meant to be a fun social evening for the club. Nobody has any jobs. We don't need any volunteers for anything. Just come out, eat BBQ, relax and enjoy yourself.

Tickets are \$43.00 per person. This includes dinner and the games. Bring guests. family and friends. Use it as an opportunity to introduce someone you know to the club.

Please bring checks, made out to the club, to the next regular meeting. I will be collecting and turning funds over to the treasurer.

Thanks, Doug.

## MONTHLY MEETING 18 APRIL 2023

Meeting was held at the Dorothy Hart Community Center. There were 23 members, including Angie Govoni (daughter of Robert and Silvia Govoni) in attendance.

The meeting was called to order at 6:30 PM.

The **March minutes** were approved as in the Magneto.

**Treasurer Report** – Mark presented the treasurer's report.

The meeting room is now renewed in a 3-month cycle. Mark contacts the POC and reserves the 3<sup>rd</sup> month out every month.

The financial report from ODMA was not yet finalized. There will be a report at a later date.

**Presentation:** Angie Govoni gave a presentation about “Disaster Preparedness: Building a Safer, Smarter Stafford County”. Angie is a high school senior at the Commonwealth Governor's School. She recently received her Girl Scout's Gold Award (equivalent to an Eagle Scout Award). Angie is going to be attending UVA in the fall. The presentation was based on a 26 page research paper she wrote as part of her school and Girl Scout projects.

Angie talked about types of disasters; importance of preparedness; how to prepare; advantages of early preparation; how to prepare for your family; and where to find outreach and support. She used the acronym READI for Recognizing types of disasters; Evaluation of the importance of preparation; Actively preparing; Determining what to prepare; and Implementing your plan.

For all types of disasters, (e.g. house fire, hurricanes, tornadoes, winter storms, earthquakes, and forest fires), it is best to prepare before disaster happens. This will result in you being better equipped to deal with the disaster, making it easier to manage, instilling confidence, and leading to better recovery overall.

Some misconceptions about planning include: You don't need to buy a lot all at once; you should consolidate what you already have. Knowledge is free. Disasters can happen anywhere, including close to home. Stay vigilant and know about your community support system, including county officials.

Preparation (before) includes: rotation of supplies to keep items fresh, paying attention to news reports and alerts, understanding potential effects, establishing connections within the community, building a preparedness kit, and regularly checking safety equipment like smoke detectors and fire extinguishers. During the event, it is important to conserve resources, be vigilant for updates, and stay calm and stick to your plan. After the event, it is important to reassess and update the plan as needed, observe and respect scarcity of resources, restock your supplies that were used, and learn from any mistakes.

Preparedness includes an emergency kit. This should be personalized for your family's needs, suited to various disasters, and as simple or elaborate as your family needs. Families should encourage plan creation and review this biannually. Think about children, elderly, and pets and plan accordingly.

Local resources include VirginiaReady.com and Stafford County Emergency Management Facebook page.

### ***Encourage Others and Encourage Preparedness***

Following the presentation, the meeting continued.

#### **HFRAACA Meet Update:**

J. showed the members the meet plaques, in the shape of a Rt 66 Shield. Flyers are available.

There is a jobs list being routed for the show. Many members are aging out and new helpers are needed, including guides and parkers and personnel at the front gate. J. has dropped off door to door notices on Sophia, Charlotte, and Hanover Streets. Mark is making up a sequence for parking in the park and parking lots. Road closure notifications will need to be posted by Friday at 6 AM. The posting will need to be registered with the police on Friday morning. Note that this is also First Friday.

The equipment rentals will include barricades and cones and buying signs. The radio station is normally 9-11, but J. is requesting 8:30-10:30. There will be 2 food trucks (BBQ/Taco/Breakfast) in front of the church on Sophia. Porta-potties are ordered, but J. is looking for a better location, further away from the show cars.

John Garnett's car is to be prominently displayed, along with other 1966 cars. The Take-Apart T will be at noon. We will also have the fashion show and dancers. The next planning meeting is on Tuesday, May 9<sup>th</sup> at 6:30.

**Legislative:** No update.

**Sunshine** – Cards went out to Lauman, and calls to Jane and Mille. Hank is starting his 4<sup>th</sup> round of chemo this week.
